When Travelling in Canada or the U.S.

- Download the ERS iPhone app at www.caa.ca/mobile

For faster service, please have the following ready:

- CAA Membership number
- Location of vehicle
- Nearest cross street
- Phone number
- Year, make and model of vehicle and plate number
- Problem with vehicle

Photo ID and CAA Membership card must be presented to CAA service operator for service to be rendered.

The Member must remain at or near the vehicle to receive service. If the problem is resolved before the service operator arrives, please notify CAA immediately to cancel the request, as each service call is charged to the Club and against your record, whether completed or not.

Do not call a local garage or towing company unless CAA service is unavailable, otherwise full reimbursement of service delivery costs will not be possible.

With your Membership, Emergency Road Service will be provided without charge to the nearest available facility. Your service call will include a trip to the disabled vehicle and a reasonable amount of time at the scene to make your vehicle operable.

*Additional up-front fees may apply when receiving service outside of Niagara. These will be reimbursed according to CAA Niagara's rates and limitations. Reimbursement forms can be found at caaniagara.ca or any CAA Niagara Branch.

We select facilities for their ability to handle service calls, but we cannot guarantee that these facilities will always have the parts and equipment to make repairs.

When your vehicle cannot be made operable by providing the services listed in this guide, CAA/AAA will assist you in finding the nearest open place of repair. If a repair facility cannot be located, CAA/AAA will assist you in obtaining lodging or alternative transportation, which will be at your own expense. Premier Members: see Premier handbook for information on Trip Accident Assistance.

Charges for service that exceed the benefits listed will be at the prevailing hourly or mileage rate of the region where service is provided. For your protection, service cannot be provided to unattended vehicles.

PLEASE NOTE: CAA Niagara cannot guarantee transportation for drivers and passengers when an Emergency Road Service call is made. At your cost the club will, if possible, arrange transportation for drivers and passengers. During severe weather conditions, civil disturbances or national emergencies, service may be temporarily suspended.

In some instances, Emergency Road Service is provided by preferred suppliers. Responsibility for loss, damage or unsatisfactory workmanship remains with the facility providing the Emergency Road Service.

ELIGIBLE VEHICLES

Service applies to all properly-licensed, plated, insured, four-wheeled, motor-driven passenger and recreational type vehicles (vans, campers and motor homes). It applies only if those services can be safely delivered. Dealer plates and trip permits are eligible for Basic, Plus or Premier service, depending on level of Membership.

Dual wheel campers/motor homes are eligible for all Basic, Plus and Premier services except towing, extrication/winning and tire service. Dual wheel unloaded pickup trucks are eligible for all services except tire service. Rented passenger vehicles and commercial vehicles are eligible for service. Taxis, limousines, cubed vans and dual wheeled cubed vans are not eligible under any CAA Membership.

In instances when your vehicle becomes disabled while towing a light duty trailer, service will be provided for the trailer. You may be required to pay for trailer towing. Fifth-wheel trailer requires CAA Plus RV or Premier RV coverage.

Motorcycle towing is available for Plus and Premier Members only. Boosts, air and fuel only are available for Basic Members. Motorcycle towing in the U.S.A. must be paid for by the Member and submitted to CAA Niagara for reimbursement. Reimbursement form is available at caaniagara.ca or any CAA Niagara Branch.

Plus RV and Premier RV Memberships

Plus RV and Premier RV Memberships are designed for recreational type vehicles and are required when the applicable “vehicular unit” has more than four wheels.

Vehicle Definitions:

Motorized RVs: A recreational vehicle driving under its own power that is not towed behind another vehicle.

Dual Wheel Trucks: Any truck with more than four wheels, provided the truck is classified as an RV, meaning that it must be of the passenger, pleasure or recreational type.

Fifth Wheels: Trailers towed by trucks with a fifth wheel hitch.

Trailers: Trailers can be one or two axle units. They can be equipped to be towed with a ball hitch attached to the tow vehicle or by using a fifth wheel.

Travel trailers, regardless of the configuration, qualify for service throughout North America. When towing other trailers (boat, motorcycle, horse, snowmobile) in the U.S. members must pay and claim reimbursement for service. Claim reimbursement forms are available at CAA Niagara Branches or at caaniagara.ca

Bus Conversions: School buses or coach-type buses converted into recreational vehicles.

Van Conversions: Vans converted to include a sink, stove, bed or fridge.

Truck and Slide-In Camper: Typically, a pick-up truck with camper unit affixed. RV coverage applies when both units are being towed, or if truck has six wheels.

EMERGENCY SERVICES

The following emergency services will be provided to place your vehicle in a drivable condition. If these attempts are unsuccessful after a reasonable effort by the service provider, the towing service provision will apply.

Flat Tire Service & Repair

When circumstances allow, CAA can provide a temporary tire repair on

the spot to get you and your family on the go. When we can't repair your tire, and your vehicle's spare tire is inflated and serviceable, the tire will be installed to replace your flat tire. If no inflated spare tire is available, or if your wheel has more than 6 lug nuts, your vehicle will be towed in accordance with your level of membership.

Battery Boosts

A boost will be provided in an attempt to start your vehicle. If the vehicle cannot be started within a reasonable amount of time, towing provisions will apply.

Fuel Delivery

A limited supply of fuel will be delivered to your vehicle to get you to the nearest service station or your vehicle will be towed, in accordance with the towing provisions of your Membership level, to a facility where fuel is available. Specific brands or octane ratings cannot be promised. The cost of the fuel will be based on pump prices current at the time of delivery. CAA Plus, Plus RV, Premier & Premier RV Members receive a limited amount of fuel, free of charge. Basic Members pay for fuel.

Mechanical Adjustments

Minor/temporary adjustments, not requiring parts or supplies, will be made in an attempt to enable your vehicle to operate safely under its own power. If the vehicle cannot be placed in safe driving condition, the towing provisions will apply.

Lockout Service

If your keys are locked inside the vehicle, a service provider will be sent to gain entrance. If your keys are lost, broken or the service provider cannot gain entrance to your vehicle, locksmith service or reimbursement for the locksmith service up to \$50 will be provided. In cases where the vehicle cannot be made operable, towing service will be provided in accordance with CAA Niagara towing provision.

CAA Plus and Premier Members receive up to \$100 for work needed to make the vehicle operable.

Extricating/Winching

Your vehicle will be extricated/winchd when it can be safely reached from a normally travelled or established thoroughfare. If special equipment, additional manpower or vehicles are required, the associated costs may be at your expense.

CAA Plus and Premier Members are covered for a second vehicle and operator for up to one hour at the scene.

Towing Service

When your vehicle cannot be safely driven after attempting any of the listed emergency services, your vehicle will be towed to the ERS facility rendering the service or a repair facility en route, or 10 km in any direction from the point of disablement at no charge.

CAA Plus Members will be towed to a repair facility of your choice up to 250 km (500 km for Premier Members) in any direction from the point of disablement.

Emergency Repair Cheque Assistance

Your personal cheque for up to \$400 will be accepted by any independent contract facility providing emergency services or repairs for CAA Members. A valid Membership card must be presented at the time of payment. Only a personalized cheque matching your Membership Card will be accepted.

Alternate Service

If you have followed the procedure outlined to obtain Emergency Road Service, and CAA service is not available, you may obtain your own service; pay for it and submit the original receipt and reimbursement form to CAA Niagara within 30 days. Reimbursement will be based on the prevailing commercial rate for the region where the vehicle was disabled. When CAA service was available but alternative service was obtained, reimbursements will be based on CAA contract rate for the area where the disablement occurred. In instances where CAA contractor access is legally restricted (toll roads, limited access highways), full reimbursement will be provided for covered services. This applies to all Membership levels.

Emergency Road Service Limitations

CAA does not provide:

- Service to loaded or altered vehicles where the provision of the service may jeopardize the load or damage the vehicle.
- Service to unattended vehicles unless pre-authorized.
- Services that may be chargeable to an insurance company as the result of a fire, theft or vandalism.
- Second or additional trips by the service person on any call, including retows.
- Service to a vehicle that: is abandoned or stolen; is to be towed to a salvage yard; has failed a safety inspection; is impounded due to a legal infraction; is unplatd or unlicensed.

- Service to a vehicle willfully driven into an area not regularly travelled, e.g. vacant lot, open fields, beaches, impassable private or recreational roads, yards, mud-filled or snow-filled driveways or alleys (service persons will not shovel snow), construction sites or other locations that cannot be reached safely.
- Service to school buses and vehicles for hire, identified as taxis and limousines.
- Impound and storage fees due to towing as a result of infractions of local ordinances or laws.
- Costs of parts, labour and repairs.
- Guaranteed appointments or arrival times for service calls.

Emergency Road Service Call Allowance

To ensure fair and efficient service to all Members, CAA has reasonable limitations and regulations as set forth by its officers and directors acting in the interest of all Members whose Membership dues pay for all services.

Emergency Road Service benefits will be suspended to Primary Members who exceed five Emergency Road Service calls during a Membership year and to Associate Members who exceed four Emergency Road Service calls per Membership year.

Members who reach these limits will be offered service at a special rate, which must be paid at the time of service.
